

Dr. Kenneth G. Zysk is associate professor (Lektor) and head of the department of Indology at Copenhagen University. He received his D.Phil. from the University of Oslo and Ph.D. from the Australian National University. He has been an Indian Council for Cultural Relations Distinguished Visitor to India, a Senior Fulbright Fellow to India, American Institute for Indian Studies Fellow, and a Wellcome Fellow in the History of Medicine in London, and has served as Director of Dharam Hinduja Center's Indic Traditions of Healthcare project at Columbia University, Directeur d'Études Associé, Sobornne, and has taught at New York University.

In addition to having taught courses on Indian history and culture and on Religious Studies at universities in the USA and Denmark and given lectures on the themes pertaining to divination in India and the history and practice of Indian medicine and Ayurveda, both inside and outside of India, he has lived in India at many different times and has served as consultant on several projects on alternative or complementary medicine. He is currently co-editor of a series on Traditional Indian Medicine with Motilal Banarsidass, of the Indian International Journal of Buddhist Studies, and managing editor of the Critical Pali Dictionary.
